

Microfibres[®]

SPECIALTY PRODUCTS

the imagination of fabric.

It's all about *versatility!*

What separates Microfibres® from other fabrics on the market? After you consider our fabric's beauty, style, softness, stain resistance and durability — there's its versatility.

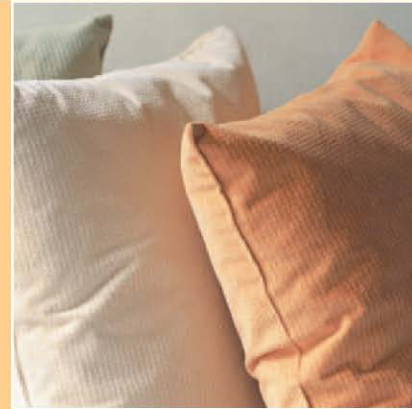

Look around. Chances are you've been in contact with fabrics from Microfibres® before. Our fabric has covered everything from pet beds to automobile seats, pillows to luggage. Adapting to any design situation imaginable, fabrics by Microfibres® are easy to work with and the reason why so many choose it.

Best of all — Microfibres® understands the challenges today's designers and manufacturers face, and works to produce fabrics that adapt to your unique requirements. With so many options, you'll find the perfect fabric that sets your product apart from the competition. Whether you're fabricating trendy, water repellent sporting apparel or lint resistant, luxurious pet beds, Microfibres® has you covered.

Decorative Accessories

A wide range of colors and textures gives new life to any interior. Pillows, lamp shades, area rugs, slip covers, table cloths... the choices are only limited by your imagination.

Bedding

Fabrics from Microfibres® offer classic to trendy colors and styles that are easy to live with and guarantee luxurious softness.

Car Seat Covers

A red hot exterior deserves that same interior! Microfibres® offers durable, comfortable, washable fabrics in a great selection of colors and styles.

Luggage

Easy to clean, holds up to heavy use and rough handling – fabrics from Microfibres® are perfect for travel bags and backpacks. While it's rain and stain resistant, the fabric has a great, natural look that appeals to consumers of all ages and lifestyles.

Microfibres®
SPECIALTY PRODUCTS

Window Treatments

Fabrics from Microfibres® have a luxurious drape and body that retains shape and beauty for years to come. But looking good is just one of its great attributes. Our fabric meets NFPA 701 standards so it's fire resistant, too.

Transportation

Fabrics from Microfibres® are ultra-violet resistant for ultra long life. Durable and comfortable, this fabric meets or exceeds all safety standards.

Pet Beds

A pet owner's dream — a washable bed that resists hair and doesn't pill. Best of all, the breathable fabric guarantees that every pet rests in snugly softness.

Hunting Apparel

Noiseless, breathable fabrics are available in natural camouflage patterns and solids. This ensures that sportsmen wearing fabrics from Microfibres® will blend perfectly with the environment, and stay comfortable in the toughest terrain.

Child Safety Seats

Children travel comfortably and safely in seats covered with fabrics from Microfibres®. Totally hygienic, they resist stains and retain their softness even after the longest road trips.

The Microfibres® *advantage*

- Easy Care
- Machine Washable
- Fashionable
- Outstanding Colorfastness
- Resistant to Light and UV Rays
- Wear Resistant
- Doesn't Pill
- Environmentally Friendly
- Non-shrinking
- Breathable
- And So Much More!

Exceeding *expectations*

Textured, embossed, dyed or printed, fabrics from Microfibres® are available in a variety of finishes, treatments, colors and fibers. In addition, our fabrics are extremely durable, but unlike many other durable fabrics on the market, they're unbelievably soft and stylish. That's because when we created our fabrics to be wear resistant, stain resistant and easy to care for, we never sacrificed fashion or feel. So, when you choose fabrics from Microfibres®, you can rest assured that you're getting the best quality fabric on the market... a product that will exceed your expectations in great style.
